### Photos of Products and Product Description

#### **1 &2 Quilted Cotton Bed Spread:(G.I)**

This quilt bed spread has three layers i.e cotton top fabric, inner polyester sheet, and bottom cotton fabric layer. The thin inner layer of polyester and the bottom is usually a solid piece of cotton fabric. The quilter stitches through all three layers creating the familiar quilted look of this very old art form. Quilt color schemes can be very bright and varied, or a mix of subtle colors, or a colored pattern on a white or solid background. Quilts are usually made from cotton or cotton blends and is lightweight perfect for summer use or as a winter topper with blankets underneath. Also, pillow covers are made in matching with colour theme of bed spread. The fabric used in the quilt is woven o handlooms and exported.

### **3 & 4 Seat Cushion: (G.I)**

This seat cushion has three layers top and bottom is of cotton handloom fabric and a thick bedding topper filled with synthetic/Polyester substitute by hand and sewn through all layers, and buttons also stitched on top of cushion layer. Machine stitches are used for perfect finishing at the edges of cushion.

### **5 & 6. 100% Cotton Floor mat (G.I)**

The weft pile technique is being used in this floor mat and mat piles are formed by weft threads. There are two series of weft and one series of warp, and a brush like surfaced formed weft cut threads

### **7 & 8 Cotton Bed Spread:-(G.I)**

Cannanore Home Furnishings had been included under the GI registration. These bed furnishing products are woven with white cotton yarn combination of dyed and non-dyed yarn counts like 2/40s, 26setc. Mostly Kannur made Bedspread of medium to heavy range with different textures and pattern are woven on plain / multi-treadle Malabar Frame Looms which is very sturdy. Either single or multiply for warp & weft, also used nowadays. Eco-friendly fast colours of light to dark shades are used as per the requirement of the industries. Upto 90 inches width of the bed spread are also produced in the handlooms depending upon its end use.

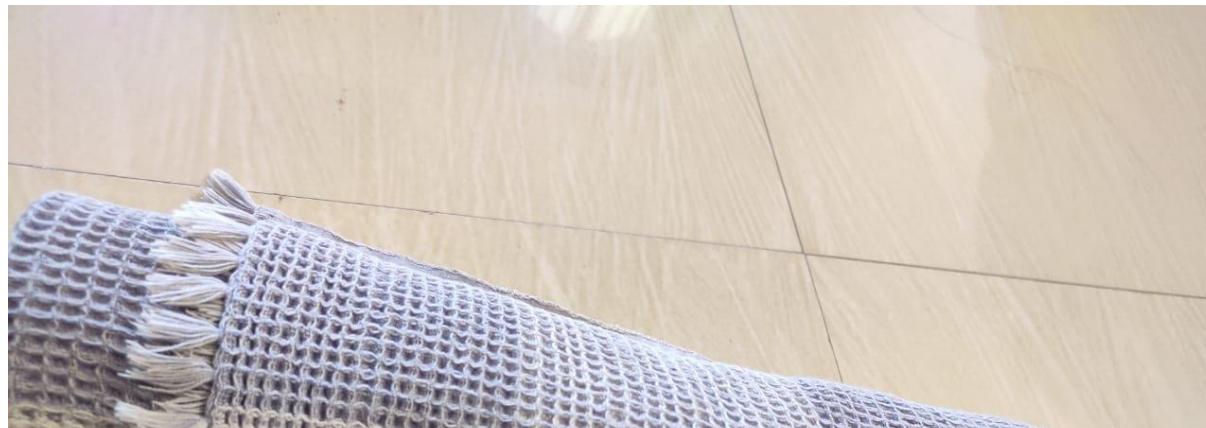

### **9 &10 Terry Towel**

These terry towels cloth has been steadily gaining popularity .The Terry pile weave increases the surface area and makes terry cloth super absorbent, strong and soft to the touch.It's a fabric that's woven using two warp beams, comprised of the ground warp that creates the base fabric and the pile warp that creates the uncut loop piles that stand up on the base fabric. These Products are woven with white cotton yarn combination of dyed and non-dyed yarn counts like 2/17s, 10s, 14s, 30s Cotton (2play) etc.

### **11 & 12 Honey comb Towel:-**
